Secretary's Office, 89 Third Avenue, New York.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any **fraudulent or fake directory**.

FIRE ALARM TELEGRAPH

Henry C. Fernald, Electrician, Middle, corner Palmer street

Alarms are sounded by striking two or more rounds of the box number. In cases where two alarms may have been given from different boxes, the second box having struck before the re-call from the first box, the re-call signal from the first box will be two blows, the re-call from the second box will be one blow

Second alarms will be given by striking two blows, followed immediately by one round of the box giving the first alarm

Third or general alarm will be given by striking three blows, followed immediately by one round of the box, when all companies will respond immediately

222—Two strokes repeated two times, at 7.45 a.m. and 1.15 p.m. in summer months, and 7.45 a.m. and 12.45 p.m. in winter months, denote no session of schools

6.05 p.m.—No session of evening schools

The bells will be struck once at 1 and 8.30 o'clock p.m.

STREET DIRECTORY

COPYRIGHT, 1906, BY SAMPSON & MURDOCK CO.

GIVING the location of the Streets, Places, Parks, Squares, etc., and showing what other streets and places run from them, or across them, with the number at which they intersect.

From this list, the location of any number on a street, or the location of any public building, can be easily ascertained; as, for instance, wishing to know at what part of Central Street No. 320 is located, you look at Central Street, and find that Appleton Street runs from 301, and Tyler Street from 340, showing that 320 Central would come on the left, between Appleton and Tyler Streets.

When a street crosses another, numbers (or ciphers) are given on both sides; but when it begins or ends at that street, the number is given only on the side at which it intersects. Ciphers are used where no numbers exist.

* Indicates streets accepted. ** Indicates part of street accepted.
